WEST GERMAN VOTE DEFEAT FOR COMMIES

By BRACK CURRY

Bonn, Germany (AP)—Chancellor Konrad Adenauer won an immense election triumph today and immediately pledged that West Germany would throw "all its political and moral weight" behind the Western alliance.

The 81-year-old chancellor was returned to power for another four years in yesterday's voting in a victory so complete it stunned his neutral-minded Socialist opponents and surprised even his own supporters. The Communists in East Germany were glum.

His Christian Democratic Union, which won an absolute majority for the first time in a free German election four years ago, not only retained that majority but increased it in an outpouring of more than 31 million votes.

Adenauer's third straight national election victory since the West German Republic was created in 1949 was a heavy blow to the Soviet Union and a triumph for the United States. Fearful of West Germany's mounting economic and military power, the Russians had pulled all possible strings in an effort to defeat the iron-willed chancellor.

So confident of success that he did not wait up for the final returns last night, Adenauer was smiling and joking when he met reporters at the chancellery entrance this morning.

The Adenauer victory was a bitter pill to 56-year-old Erich Ollenhauer, the Social Democratic leader who wanted West Germany to turn to a more neutral position between East and West.

Wilhelm Mielles, Ollenhauer's chief lieutenant, commented that both the United States and Russia had contributed to the Adenauer victory. The bitter Communist opposition to Adenauer helped (Turn to Page Ten)

Sec. Dulles To Outline Policy On Disarming

United Nations, N. Y. (AP)—Secretary of State Dulles meets U. S. delegates to the U. N. today to outline a policy of working for disarmament while continuing nuclear tests.

The disarmament issue will be one of the major questions before the Assembly session opening tomorrow. But the United States made clear it will not let its atomic arsenal rust while the U. N. debates disarmament.

The Assembly's debate on disarmament will be based on a report of the 5½-month London talks of the U. N. Disarmament subcommittee.

The talks recessed Sept. 6 with the Soviet Union still balking at the safeguards demanded by the other subcommittee members—Britain, Canada, France and the United States. (Turn to Page Ten)

Bermuda Threatened By Hurricane Carrie

Miami, Fla. (AP)—Hurricane Carrie threatened Bermuda with 50-mile-an-hour winds today and the Air Force pulled back its hurricane hunter airplanes to safety at West Palm Beach, Fla.

Six of the B-50s, including one crippled ship, were ordered back. Two of the aircraft were held on the ground at the island resort, 900 miles east-southeast of Cape Hatteras, N. C., and would fly into the eye of the storm before heading for the Florida base, the Air Force said.

The Air Force laid plans for staggering flights and keeping one plane with the storm at all times.

The Weather Bureau's 5 a. m. EST. advisory said the storm, with peak winds of 115 miles an hour, was located by aircraft 175 miles east of Bermuda. Little change was expected in size or intensity the following 12 hours.

Five Scout Units Engage in Weekend Canadian Camporee

A Canadian Boy Scout Troop from Caledonia, Ontario, Canada is the first unit to sign up for participation in the Boy Scout County Fair to be held in Youngsville next May, according to a report to be given to the council's executive board at its meeting tonight at the United Refining Company Office Building.

Five Warren County Units participated in the Canadian Camporee, the largest ever held at Turkey Point. Among them were Troop 9 of Warren led by Ray Lewis, Troop 13 of North Warren led by Paul Grosch, Troop 13 of North Warren led by Leo Rapp, Troop 14 of Russell led by Gene Fogie, Troop 14 of Russell led by Joseph A. Tarr Jr., and Troop 35 of Sheffield led by Paul Shogren.

Paul Shogren led in the Saturday night campfire, in which the American units all had kids. The campfire was American all the way, with the Canadians learning American songs and cheers, and hearing tales of Paul Bunyan from Scoutmaster Shogren. Scout Executive Elmer Morgan presented Camp Olmsted neckerchiefs to the Camp Chief and the Chief Judge.

He was assisted by Field Executive Dick Bauer and Burgess Bill Rice. Explorer Tom Curtin of Sheffield led the American Scouts in the Scout Promise, while the Canadians followed with their promise. Ray Lewis led American Scouts in repeating the Scout Law at Church service Sunday morning.

The 13 adults who led the American delegation were met and greeted by Mayor Harry Carter of Simcoe and by Les Haines, president of the Simcoe Boy Scout Association.

The Executive Board will have a full agenda when it meets tonight. Plans to be discussed and approved include final plans for a conclave in Institutional Heads and other leaders to be held at the YMCA on September 23, progress on the Active Membership Campaign, County Fair plans, camping, training program for the Fall including basic training for Scout and Explorer leaders and a Pow Wow for Cub leaders, a first aid meet, advancement, and the Fall fund raising campaigns.

A report on the financial status of the Jamboree fund will be rendered by Bob Anstadt.

Atomic Blast One of Largest In 1957 Series

Atomic Test Site, Nev. (AP)—One of the biggest atomic blasts of the 1957 test series flashed across the desert sky at 5:50 a. m. today. It is believed to have had the power equivalent of about 40,000 tons of TNT.

A deep orange fireball, touched with pink and purple, flared over Yucca Flat. The mushroom cloud so familiar in the tests rose quickly to about 15,000 feet.

This 20th shot of the series, code-named Newton, was a device exploded from a balloon tethered 1,500 feet above the test site.

The explosion was seen as a bluish flash in Los Angeles, 300 miles away.

The Atomic Energy Commission did not give the energy yield of the blast except to say it was above nominal, or more than the equivalent of 20,000 tons of TNT.

Experienced newsmen observers figured it was in the range of 30,000 to 40,000 tons and probably nearer the latter.

This was the last test of this series in which newsmen were permitted to be present on the site. In subsequent tests, with at least two more expected, they will get no nearer than a mountain 40 miles away.

Medical Society Will Honor 86-Year-Old Doctor

Pittsburgh (AP)—An active 86-year-old physician who doesn't drink liquor and who never smoked until he was 60 will receive the Pennsylvania Medical Association's General Practitioner of the Year award.

Dr. Milton L. McCandless, of Rochester, Pa., was voted recipient of the award yesterday by the Board of Trustees at the opening session of the society's five-day, 107th annual meeting. The award will be presented Tuesday night.

In a speech at the society's opening session yesterday, the retiring state president, Dr. Elmer G. Shelley of North East, urged members to continue working toward agreement with Blue Cross, Blue Shield and other organizations, such as unions, that sponsor medical care programs.

Legion Parade In Atlantic City To Attract Big Crowd

Atlantic City, N. J. (AP)—The colorful American Legion parades some 50,000 strong on boardwalk of this famed resort city today with a jet plane accompaniment.

Up to half a million spectators were expected.

The holiday spirit of the parade came between committee meetings and the opening tomorrow of general session of the Legion's 39th annual convention.

The 12-hour parade, probably the largest anywhere in the world, was being staged for the first time here.

Marilyn Elaine Van Derbur, 20, of Denver, Colo., crowned here a few days ago as Miss America, had a special float to ride in during the parade.

The float was one of about 50 in the procession. Interspersed in the formation were about 160 bands, drum and bugle corps, color guard and drill teams.

\$170,000 FIRE

Pittsburgh (AP)—A fire early Sunday morning destroyed a Pittsburgh and Lake Erie Railroad warehouse in McKees Rocks and caused damage estimated by railroad officials at \$170,000. No one was injured. The cause was not determined. The fire broke out in the 50-year old, wooden, one-story structure about 5 a. m.

Ten Killed, 14 Hurt in Crash Of An Airliner

New Bedford, Mass. (AP)—A Northeast Airlines plane, headed for New York through a soupy fog with 24 persons aboard crashed in mucky Apponogansett Swamp just short of the New Bedford airport last night.

The pilot, copilot and eight passengers died in the crash which tore the DC3 plane apart. Thirteen passengers and the stewardess were injured. They were at St. Luke's Hospital where doctors placed the names of at least five on the danger list.

It took rescuers three hours to reach the scene, just a half mile short of the runway for which it was headed.

Bodies were flung about in an area 50 yards square.

Surviving injured and dead were hauled out of the swamp by scores of rescuers who bridged mud ponds with fire ladders. The ladders were passed, hand-to-hand across these slippery, improvised bridges.

The last survivor was brought out just before 2 a. m.

As dawn broke rescuers and investigators saw hats, coats, other clothing and luggage strewn about, some hanging from shattered tree limbs.

Wings were sheared from the plane as it cut a 600-foot long swath through trees in its crash to the swamp.

The plane had radioed it was preparing to make an instrument landing but no further word came. The craft was pointed toward the instrument landing building when found.

The plane, a twin-engine DC3, was on flight from Boston to Hyannis, Nantucket, Martha's Vineyard, New Bedford and New York.

Due in New Bedford at 7:42 p. m. it took off from Martha's Vineyard almost an hour late because of the murky weather.

Westie Lagoon, on duty at the New Bedford airport control tower, last heard from the plane at 8:46 p. m.

Four minutes after contacting the airport, the plane crashed. It (Turn to Page Ten)

Three Recaptured After Break From Lawrence Co. Jail

Kittanning, (AP)—Three men led by condemned murderer, Robert T. Davis, broke out of Armstrong County Jail last night only to be recaptured within two hours at a police roadblock near Pittsburgh.

The three, unarmed and afraid police would shoot them down, halted their stolen auto and meekly surrendered.

The fugitives were Davis, 29-year-old Pittsburgh Negro convicted recently of murder; Eugene A. Entin, 34, of Pittsburgh, and William Crusan, 22, of Armstrong County. Entin and Crusan were being held on larceny charges.

Davis told officers that Entin and Crusan jumped Sheriff Thomas Hutchinson as the sheriff was returning another prisoner to the cell block. After freeing Davis, they locked Hutchinson in Davis' cell and fled.

About a block from the jail, officers said, the three flagged down a motorist, Mrs. Mary Kline of Kittanning R. D. 2, and after choking her, fled in her auto. Mrs. Kline suffered only bruises and shock, police said.

Students Return to Classes in Brownsville

Brownsville, (AP)—Some 800 pupils returned to classes at Brownsville Senior High School today following a strike that began last week after two pupils were injured by falling plaster in the school.

The School Board has ordered the building closed until today.

Supervising Principal R. Donald Conn said the building was checked thoroughly from basement to ceiling and found to be structurally sound.

At nearby Centerville in Washington county, about 640 pupils were reported back in classes at the high school following a one-day strike last week in protest over shortening the lunch periods from 45 to 20 minutes.

In neighboring Brier Hill only 10 of the grade school's 60 pupils were in class this morning.

Veteran Lawyer Who Served as Boro Solicitor 25 Years Dies In His Sleep During the Night

Sidney D. Blackman, resident of Warren for over a half-century and long associated with its legal and civic affairs, died during the night at the family home, 18 Jackson avenue, where he had spent a quiet day on Sunday.

He was a member of First Methodist church and his pastor, Dr. A. C. Schultz, will conduct services in his memory at 1:00 p. m. Wednesday, with interment following in Oakland cemetery.

Sidney Daniel Blackman was born in Coldwater, Mich., on July 4, 1878, the son of the late Daniel G. Blackman, Civil War veteran and Mrs. Blackman.

A resident of Kinzua before he came to Warren 53 years ago, Mr. Blackman began his professional career by reading law in the office of Perry D. Clark around the turn of the century, was admitted to the bar in 1904, and had practiced law here since. For some 25 years, he served as Warren Borough solicitor.

He was a member of Warren County Bar Association, serving as its president for a time, also a member of the Pennsylvania and American Bar Associations.

In addition to his law practice, he had served as a director of First National Bank for many years prior to its merger with the Warren Bank and Trust Company, and was a member of the board of the latter institution.

Well versed in history of the area, earlier names and incidents were familiarly recalled and his

knowledge frequently sought by those in need of reference material.

Besides his church affiliation, he was a member of Warren County Historical Society and of Joseph Warren Lodge No. 726, F. and A. M.

Surviving are his wife, Eva Houghling Blackman; two sons, Sidney W. Blackman, Warren, and Charles C. Blackman, Gulf Breeze, Fla.; also seven grandchildren.

Faubus Orders the National Guard To Take Stations Again At Little Rock High School

By RELMAN MORIN

Little Rock, Ark. (AP)—National Guardsmen—but only a handful—reported for duty at Central High School again today amid increasing rumors that Gov. Orval Faubus may withdraw them entirely before the end of the week.

No comment on the reports came from the governor's mansion. Approximately 30 guardsmen took stations at the school this morning when classes resumed. After reporting, some of them went to a nearby drugstore for coffee and soft drinks. A week ago, 250 soldiers surrounded the school.

No Negroes attempted to approach the big school building that has become a symbol of the great clash between the federal government and Faubus.

Between 25 and 30 adults gathered on the sidewalk across the street. In a good-natured mood, they joked with reporters.

In a television interview last night, Faubus said it is "foreseeable" that the guards could be withdrawn this week.

He also said "there were certain areas of agreement" that developed in his conference Saturday at Newport, R. I., with President Eisenhower.

But he still says Negro students will not be permitted to enroll in the high school until a condition of "tranquility" exists in the city. He will be the judge of when that moment has come, he said in the TV talk.

He has been summoned to appear in U. S. District Court Friday.

There, in all probability, he will be asked to present the evidence he claims to have that violence would have taken place at the high school had he not put the guardsmen there with orders to turn away Negroes.

U. S. Dist. Judge Ronald N. Davies issued a summons to Faubus to appear Friday for a hearing on a petition to enjoin him from interfering with the enrollment of the Negroes.

Faubus' information and FBI reports presumably will be aired together—if the hearing takes place at all.

Faubus still is sticking to his contention that he acted in response to his information as to what would happen. He said in the interview last night that "many of the facts are known to many people."

Faubus was asked if Eisenhower had said anything at Newport that changed his position.

"Not as to the situation that exists locally," Faubus replied. "Any fair-minded persons would grant... that I would know more about that than anyone outside."

It appeared today that unless some specific word comes from Faubus, Negro students will not attempt to test the situation by again trying to enroll at Central High.

NEGOTIATIONS SCHEDULED TO BE RESUMED

New York (AP)—Telephone equipment installers struck in 44 states and the District of Columbia today in a wage contract dispute with Western Electric Co., manufacturing arm of the American Telephone & Telegraph Co.

The strike began at 6 a. m., local time. The East was affected first, and the stoppage spread westward across the country in three hours.

Picket lines appeared before telephone offices as the deadline arrived, and reports were that members of other unions refused to cross the lines. New York City reported hundreds of long distance operators remained away from their jobs.

Last minute negotiations early today failed to reach an agreement, but talks were scheduled to resume later in the day.

Involved are 23,800 installers, members of the Communications Workers of America. The union estimated its picket lines would affect 150,000 telephone employees.

The union has conceded a tieup would have little immediate effect on local telephone service in most places. Eighty-five per cent of this service is handled automatically by dial equipment.

The strike is expected to affect long-distance service. However, in the past, the telephone companies have reduced the effect of strikes by using supervisory personnel.

The principal issues upon which the negotiations stalled were wages, allowance for travel time and the duration of a contract.

The CWA called 18,500 employees off the job when the Ohio Bell Telephone Co. was struck at 6 a. m. Forty-five cities were affected.

Most of the picketing was done by women operators. The company said most cities it serves have dial service and that all local calls would go through.

The company's supervisory personnel were on the job to provide (Turn to Page Ten)

12th Daughter Joins Family in New Jersey

By SIDNEY C. MOODY, JR.
Morristown, N. J. (AP)—You think you've beaten the odds? Shot a hole in one? Drawn a perfect bridge hand or run the four-minute mile?

Then consider the William Patrick Bostons.

Today Boston will go to Memorial Hospital to bring home his wife and their 12th child—and 12th daughter—born Thursday.

Odds makers don't make book on such a rarity, and doctors said only that the chances of having an even dozen children of the same sex are "slimmer than slim."

Naming gets harder each time. Names already taken were Patricia, Eileen, Regina, Carol, Joann, Gertrude, Dolores, Betty Lou, Catherine and Levinia. The first daughter died in infancy.

After thinking a day, the Bostons called the newest Madonna Grace.

Jamestown Furniture Worker Admits Slaying of His Wife

Donald Warner, 22-year-old furniture worker, signed a two-page confession Friday in Mayville, N. Y., admitting the bludgeoning-slaying of his pretty, pregnant teen-age wife at the Frewsburg home of her mother a day earlier.

The surly, tousle-haired fugitive who gave himself up 24-hours after the murder, unveiled his purported "violent temper" when he flung a brief case into the face of a photographer attempting to get his picture.

Warren County Sheriff Larry Linder, accompanied by two Chautauque County, N. Y. deputies, brought Warner to Warren from Tionesta. After signing a waiver of extradition before Judge Alexander C. Flick, Jr. the fugitive was turned over to the New York State deputies who returned him to the county seat at Mayville, N. Y. where he is presently jailed.

The Jamestown man when arraigned on a first degree murder charge waived preliminary examination and was ordered held for Grand Jury action without bail. He

faces possible death in Sing Sing electric chair if convicted.

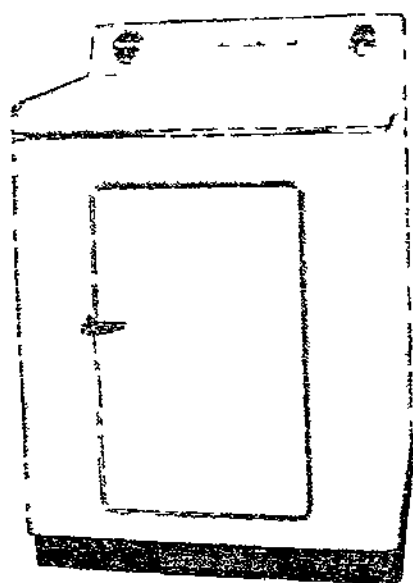

The battered body of Warner's wife, Winnifred Dowd Warner, 18, was found face up and dying about 3:30 p. m. Thursday in a bathtub at the home of her mother in Frewsburg, N. Y. The murder weapon, a 2x8 piece of plank was found on the kitchen floor.

In his confession Warner told of the couple's futile attempts to solve their domestic difficulties. They quarreled last Wednesday night in their Jamestown apartment and she had gone to spend the night with her mother in Frewsburg. He went there about noon Thursday and when she refused to return to him he beat her on the head.

Warner escaped a police dragnet Thursday night but called Jamestown police Friday morning from Franklin, Pa. and told them he was coming in to surrender. Tionesta troopers were alerted and they apprehended Warner who surrendered quietly as he drove into Tionesta just south of the village late about 11:30 a. m. Friday.

In a dramatic scene from Cecil B. DeMille's Production "The Ten Commandments," at the Library Theatre, Charlton Heston as Moses, Prince of Egypt, makes a decision that contributes to his downfall as he to the Pharaoh's throne. Answering the pleas of Hebrew stone-cutter John Derek and water girl Debra Paget, Moses recruits the Hebrew slaves building the Pharaoh's treasure city and breaks open the stores of grain for distribution to the underfed hordes. The massive starting cast of the DeMille masterpiece also includes Yul Brynner as Prince Ramesses, Anne Baxter, Edward G. Robinson, Yvonne De Carlo, Debra Paget and John Derek. MAINE CONFORMS

For nearly 140 years the voters of Maine have been going to the polls in September in election years. The early onset of winter weather evidently got the habit started. But in 1960 the old custom will be abandoned and Maine will vote in November, with the rest of the country.

In the late 19th and early 20th century years, when the nation was said to be "normally Republican," Maine's vote was looked to as an indication of what was to come in November. Thus arose the saying, "As Maine goes, so goes the nation."

But that adage was fractured in midsentence in 1936, and never has been the same since. That year Franklin D. Roosevelt won a second term by capturing the electoral votes of 46 states. And the wags had quickly to revise the saying to read, "As Maine goes, so goes Vermont."

In more recent times, what Maine has done often has proved quite untypical of the nation, too. Last year it re-elected its Democratic governor, Edmund Muskie, but joined most other states in plumping for President Eisenhower later.

Still, we shall be sorry to see Maine fall in line. Little variations from pattern always are welcome, and we perhaps have fewer than we should.

FORGOT ONE LITTLE THING

It was fashionable in some political circles in 1956 to point to the large number of U. S. families still in the lower income brackets.

What was unfortunately ignored, of course, was the fact that income levels for the population as a whole have been rising consistently for many years now. They are, in reality, better than they have ever been.

The Census Bureau tells us that last year half of all our families had an income of \$4,783 or more each. The big point is that this represents an advance of 8 per cent over 1955. In other words, in the earlier half the American families had earnings of only \$4,421 or higher.

About a fifth still had incomes of \$2,000 or less—far too little for them or for the nation to be content with. But the percentage in this lowest category is dwindling.

Without question, it must be the goal of both parties to lift as many families as possible to decent living levels. Progress has been good, but we cannot rest on past achievement. Much is still to be done.

O'MALLEY FOR THE SENATE

One thing that has always been nice about baseball is that in that field you get a decision. It might take 15 innings now and then, but finally a result is had. In a world given to hacking and filling, to making in-decision almost a science, that is a powerful attraction.

Now, unhappily, the front-office management of the Brooklyn Dodgers seems bent on blurring the distinction between baseball and the outside world. The brass can't make up its mind whether to go to Los Angeles or stay in Brooklyn. It's been off-again-on-again a dozen times.

If this vagueness keeps up much longer, someone is bound to suggest Brooklyn boss Walter O'Malley as a serious candidate for the Senate from New York in 1958.

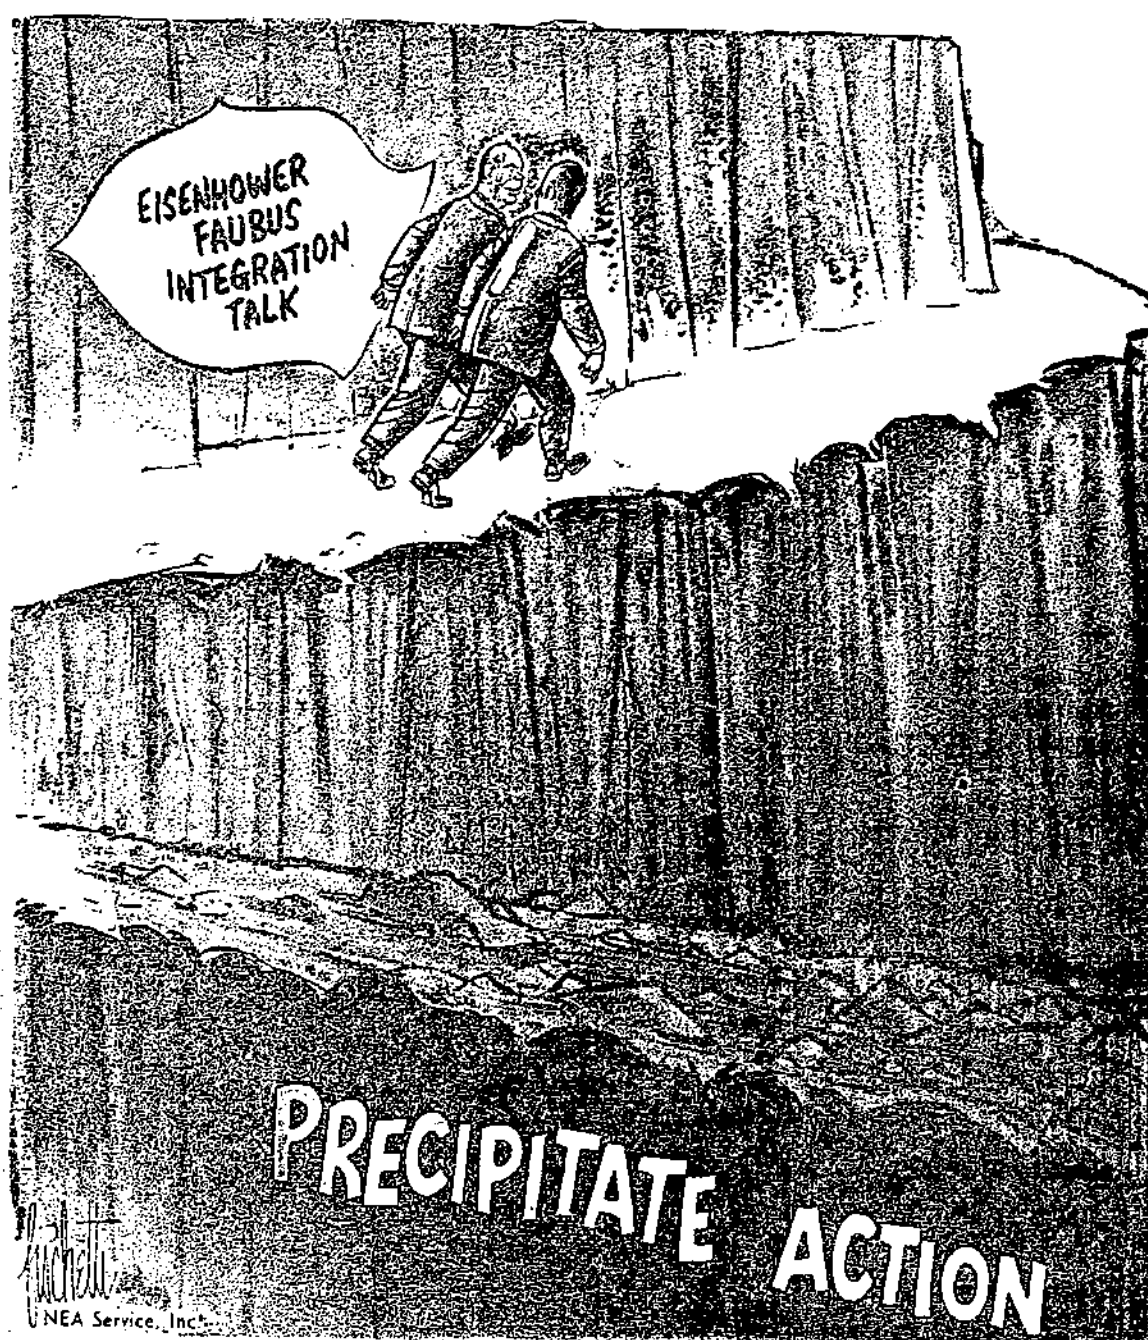

SIDNEY W. BLACKMAN, SR.

The sudden and unexpected death of Sidney W. Blackman, Sr., at his home in Jackson street, during the night, is not only a shock to his family, many friends and acquaintances, but also marks the passing of one of Warren's veteran attorneys and civic-minded residents. To his widow, children and grandchildren we join with so many in Warren in extending sympathy in the death of a solid citizen and professional man—a credit to both.

THOUGHTS FOR TODAY

Then shall the trees of the wood sing out at the presence of the Lord, because he cometh to judge the earth.—I Chronicles 16:33.

We shall be judged, not by what we might have been, but what we have been.—Rev. William Sewell

Here and There

Over the long Labor Day weekend this year, 439 highway deaths were reported—in just 78 hours! Warren Evening Times, Thursday September 12, 1957, carried a story that 114 were killed in 8 months, and called it "Deadly as war". The automobile, with its terrifying and daily increasing list of permanently injured, dying and dead, abundantly proves itself the Red Peril of Civilization. Wherever it goes upon the highway, when guided by the hand of a speed-crazed devotee, the motor car leaves in its wake a trail of destruction, desolation and death. The long list of accidents shows that many were killed and injured as a result of racing. Speed lovers crashing along the highways by day or night have been hurled to death against rocks and trees and telegraph poles. . .

Here's good news for Pennsylvania residents who suffer through the hay fever season every year. An Associated Press dispatch from Philadelphia says spot checks

across the state indicate the ragweed pollen count is falling gradually from its early September high. The season's highest count was 137 in the Philadelphia area on Sept. 2. By contrast the count in Pittsburgh on Wednesday was down to 19. At York it was 69 and in Philadelphia, at six counting stations the average count of pollen grains was 58. Dr. N. E. Good of Philadelphia's City Health Department says the average sufferer begins feeling the annoying symptoms when the count reaches 25. Arthur Wallach, chief of Philadelphia's Environmental Health Section, says the pollen count didn't go above the discomforting 25 count after Sept. 26 last season and the count was discontinued on Oct. 10 when it reached zero. He said the same pattern is apparent this year.

Had an interesting long-distance telephone chat last Friday afternoon with Theodore W. Ohman, Memphis, Tenn., who was talking at the time from Houston, Texas.

★ EDSON IN WASHINGTON ★

Planes Slower and Lower, But Army Aviation Grows

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Maj. Gen. Hamilton W. Howze, director of Army Aviation, led his staff in a day-long press briefing at the Pentagon recently. Its main purpose was to convince the public that the Army was not trying to set up a rival which would muscle in on Air Force roles and missions.

As General Howze summed it up neatly, while the Air Force is interested in flying higher and faster, the Army is primarily interested in flying lower and slower.

This is an over-simplification. But it illustrates some of the things that Army Aviation wants to do. For instance:

It wants to raise the platform, from which machine guns and ground missiles can be fired, over the tree tops.

It wants to hurdle bridges that may be knocked out by enemy action. It wants to get around atom-bombed areas.

It wants to take off from and land in smaller areas of rough ground. It wants to get over soft ground in bad weather.

It wants to improve reconnaissance, observation and transportation for ground units on jobs the Air Force wouldn't be bothered with.

STRATEGIC BOMBING, airlifting of paratroopers, long-range transport by air and all the other ground troop support functions are to be left to the Air Force. The Army doesn't want them and isn't competing to duplicate them.

A joint airborne operation for a division takes elaborate planning for deep penetration of enemy territory. What Army Aviation wants is a smaller, fast lift on orders from battalion or regimental commanders for shallow penetration.

Army's aircraft today are light planes and helicopters. In World War II the Army used the famous Piper Cub. If more helicopters had been available then, many battles would have been fought differently.

Today Army Aviation has about 5,000 officer pilots and 9,000 enlisted men for ground crews and maintenance.

THIS YEAR ARMY began aviation courses in Reserve Officer Training Corps units in 48 colleges. The plan is to develop 700 students a year whose preliminary flight training in college will give them Civil Aeronautics Administration licenses. After graduation, these young pilots will be required to give three years' service to Army Aviation.

Army's air fleet today consists of 2,500 light planes and about 2,000 helicopters. Army is limited by Defense Department directive to fixed-wing planes of 5,000-pound lift and helicopters of 20,000-pound lift. But there is no limitation on experimental planes and two exceptions have already been made for the DeHavilland Caribou and Grumman Mohawk, with three-ton lift.

FURTHERMORE, ARMY AVIATION is growing. Originally 25 light aircraft were assigned to one of the new pentomic divisions. The number is being increased to 50, with 200 personnel.

For each division there is an aviation company of three platoons: one for tactical combat, general support and service.

For larger commands there is an Army Aviation battalion of five companies. Three have light helicopters, one medium helicopter, one fixed-wing planes. One hundred and two aircraft and 760 personnel.

There are also many smaller Army Aviation detachments assigned to artillery, armored, signal and engineer units.

Today the Army has 18 helicopter and three fixed-wing plane companies. They are to be increased to 24 helicopter and six fixed-wing plane companies in the next two years.

Mr. Ohman, it may be well to remind readers, is the native Czechoslovakian, friend of Neils Anderson, of the American Banking Company, who delivered a talk before the Warren Rotary Club Wednesday, April 24, 1956, during a tour of the state talking in behalf of the restoration of the Constitution in its present cracked and smudged four-parchment appearance. At that time he told Rotarians of his study of American history as a boy in Bohemia and his intense love for the greatest American document, the Constitution, for which he said, he has an increasing respect and love since making the United States his home. He described to Rotarians the task attending restoration of the Constitution, that it might be available in its precise penmanship and original form. The purpose of his call last Friday was to advise that he was planning to present a copy of his restored "Constitution" to President Eisenhower, at the White House Tuesday, Constitution Day. Incidentally Mr. Ohman and his family before him have been in the map-making business for more than 200 years. He came to this country thirty years ago and explained that he has become more and more attached to the great document that has such a vital historical connection with the birth of the republic. Mr. Ohman says he is flying to Washington in the hopes of making the presentation to some person representing the President at the White House tomorrow.

—Kofod Studio

In a lovely white wedding at 10:00 a. m. September 7 in Holy Redeemer church, Vicky Mary Vavala, daughter of Mr. and Mrs. Bruno Vavala of 435 Prospect street, became the bride of Paul E. Parker, son of Mr. and Mrs. Mark Parker of North East. The double ring ceremony was performed by Father M. E. Dille before an altar decorated with

white gladioli and palms. The pews were filled with satin and lace bows. Mary Mangus sang "Mother, At Thy Feet Is Kneeling", "Ave Maria", "Panis Angelicus" and "Ave Verum"; Mrs. Thomas Donnelly, organist, played the Mendelssohn Wedding March and traditional wedding music. The bride was attended by her sister, Rosalie, as maid of honor;

Chester A. Parker, North East, was his brother's best man; ushers were Carmen DeFabio, uncle of the bride, and Gilbert D. Cantrell, North East; Janet Vavala was the flower girl and Jimmy Battista, ringbearer, both cousins of the bride.

Given in marriage by her father, the bride wore imported Italian dupioni silk, designed with fitted basque bodice, the V-neckline applied with re-embroidered Alencon lace. Long, glove-like sleeves formed points over the hands and the graceful bouffant skirt was fashioned with bustle-back to form a chapel train. Her scalloped silk illusion veil fell from a coronet set with beaded pearls and iridescent sequins; her jewelry was a single strand of pearls. Completing her outfit, she carried a cascade bouquet of white roses backed with sprays of white satin, rosepoint and lace.

For a wedding trip to Washington, D. C., the bride wore a navy silk dress, matching accessories and white carnations. Returning the couple will reside at 115 Jackson avenue, Warren.

The bride is a graduate of Warren High School, Orta Jean Beauty School of Erie, and owns and operates her own Beauty Salon. The bridegroom was graduated from North East High School and is employed by Penn Furnace and Iron Company.

Out of town guests came from Rochester, Geneva, Jamestown, Salamanca, N. Y.; North East, Erie, Greenville, Bradford, Titusville, Kane, Mt. Jewett and Custer City.

The flower girl wore white taffeta over hoops with scalloped hemline over a tulle skirt, sweetheart neckline, and taffeta cummerbund forming a large bow. She carried a basket of red sweetheart roses and white pom poms and wore a matching headpiece.

The bride's mother chose powder blue crepe and Mrs. Parker wore dusty pink silk taffeta, each with navy accessories and white carnation corsage. The bride's grandmother was remembered with a like corsage.

Following the ceremony, a reception for about 300 guests was held in the Pleasant Township Fire Hall until 4:00 p. m., with Pete

Lacy Neighborhood Club Needs Assistant Leaders

First fall meeting of Lacy Girl Scout Neighborhood Club was held at the home of Mrs. Lyle Brecht, with Mrs. Robert Brown, chairman, in charge. Reports were given from seven troops, with representatives present.

Discussion concerned the fact that leaders are available for the neighborhood, but no assistants, and with 16 to 28 members in each troop, it is difficult for one person to handle. If more interest is not shown, it was stated, the troop cannot continue and thus some girls may be deprived of Scouting.

Miss Ursula Johnson, executive director, was present and announced Council meetings will be held only twice a year, in the fall and spring. Next meeting will be held in November, when all registered adults are urged to be present.

Mrs. Walter Mathyer, council program chairman, announced all troops should be preparing for "Court of Awards" and "Needle Work Guild", scheduled for the latter part of October and first of November.

Those present were Mrs. Frank Beach, leader of Troop 23; Mrs. W. Tielner and Mrs. Harry Johnson, Troop 105; Mrs. John Novak, assistant Troop 44; Mrs. Walter Mathyer, leader Troop 4; Mrs. W. D. Wright, leader Troop 64; Mrs. Lyle Brecht, Mrs. Robert Brown, troop committee members of Troop 15. Troops 9, 16, 86 and 5 were not represented.

Delicious refreshments were served by the hostess.

WARREN DRAGONS TAKE IT ON CHIN, 32-7 IN A POSTPONED OPENER AT CORY SATURDAY

For the first time in memory, a scholastic football game of Warren High School varsity was postponed Friday night because of rain. It saved the Dragons a whipping by one day.

Outpowered by a Cory eleven which ran roughshod over most opposition last year, the Dragons could piece together but one scoring combination which put them on the short end of a 32-7 count at the final whistle on Cory field Saturday night.

A crowd of more than 4,000 saw the alert Cory line repeatedly break through to stymie efforts of the Warren squad to get its brand new and somewhat unfamiliar T-formation attack purring.

Bad breaks came early. After a fumbling good by holding the Beavers from scoring on four plays after they marched to Warren four-yard line with the opening kickoff, the Dragon punt on the next play was blocked and fallen in the end zone by Beaver center Dave Vanoy for the first score. Extra point was missed.

From that point on until late in the game, the Beaver mastery asserted itself as the T-formation caused some confusion in the backfield and limited the Dragons to only five offensive plays in the entire first half.

Bad break No. 2 came up for action midway in Quarter 1 when Dragon back signaled for a fair catch which was fumbled, Cory recovering on the Warren 15.

Three downs later, Cory fullback Bob Nichols bucked over. The second PAT was missed, keeping the core at 12-0.

This jumped to 19-0 when Cory ran rampant for 83 yards and their third score and first extra point.

Six Steelers Are Fired Following 37-10 Shellacking

Pittsburgh (AP)—New Coach Buddy Parker had his Pittsburgh Steelers trimmed to the National Football League roster limit today by firing six players after seeing his squad soundly thumped in their only home exhibition game.

Acting within a few hours of the 37-10 shellacking by the Chicago Bears Saturday night, Parker dropped three holdovers from last season and three new candidates for the squad.

A crowd of 24,689 at Forbes Field saw rookie Willie Gallimore score three touchdowns for the Bears. Harlon Hill and Ed Meadows also scored for Chicago.

Scarbach plunged across from the one-foot line with Pittsburgh's only touchdown in the closing seconds of the first half. Three more points came on a 25-yard yard goal by Gary Glick.

Sam Snead Poised For Victory In His 96th Tournament

Dallas (AP)—Sam Snead, the greatest winner in golf history, was poised for victory in his 96th tournament today and there was no one to even hint the colorful old slammer wouldn't make it.

He led the \$40,000 Dallas Open by 8 strokes going into the final round because of a 60 that tied the world's record and a 5-under-par 66 yesterday that gave him 196 for 54 holes.

The 60, equaling what some seven golfers had shot before him, was hung up on Saturday's round. That was the one that broke open the tournament.

Snead entered the third round yesterday with a 2-stroke lead. And as the other contenders faltered, he rolled right along.

"Only thing I was disappointed about was that I didn't get another 60," he said.

In a tie for second place at 204 were Al Bessellink, the big blond from Grossinger's, N. Y., and Earl Stewart, the Dallas resident pro, who got 70 and 72 respectively yesterday.

Tied for fourth were Cary Midlecoff, Hollywood, Fla., who switched his affiliation from Dallas only two days ago, and Fred Hawkins, El Paso, Tex., who managed 72 and 71. They had 205.

After numerous feints and false starts, Archie Moore finally defended his world lightweight title Friday night in Los Angeles against Tony, Anthony, a New York youngster.

Old Archie, who will be 41 officially in mid-December, settled for a \$90,000 guarantee to risk his crown in this match that originally was scheduled for early summer in Detroit.

Anthony has been the favorite since the match was made although many expect Moore to be the choice if he makes the 175-pound weight limit without too much trouble. Although Archie has been over 202 pounds and weighed 187 for his last start in Germany, June 2, he always manages to make the weight. As Moore puts it, "It's an old reducing formula I learned from the aborigines."

Anthony moved into the title bout by knocking out Chuck Spieser in Detroit last spring. However, he had a rugged time with Yvon Duvelle in the same Detroit ring in June, barely escaping with a draw.

Moore's record is 158-22-5 for 185 fights and Anthony's is 30-4-1 for 35 pro starts. The challenger gets 33 1/3 per cent of the gate at the Olympic Auditorium after "overhead adjustments."

A crowd of 10,000 is expected to pay a gross gate of \$116,000. The 15-round match will be carried on radio and TV by NBC.

Speaking of Sports ...

Thiel College in Greenville has 13 returning lettermen on the squad this fall—the time when King Football climbs to his thrones on the college campuses, high school fields, and the vacant lot. Entering his third season as head coach of Thiel College Tomcat gridgers, Coach Joseph DiFebo posted creditable records of 6-1 and 4-3 in 1955 and 1956 respectively. Assistant coach is James Reynolds. All games will be played at Stewart Field, located on the east end of Greenville on East Avenue Extension and Donation Road, five blocks south on Third avenue from South Main street.

Clarion State Teachers College has seven returning lettermen on this season's football roster. Those students are: David Young, Albert Ragazzini, Jack Fox, Tony Aiello, David Snyder, Daniel Mahony and Lee Rouse. The Golden Eagles are from a town with a population of 5,000 which is also the county seat. Clarion is one of the 14 State Teachers Colleges in the Commonwealth preparing teachers in library science, elementary and secondary subjects. Ragazzini and Snyder are co-captains of the team; Ernest Johnson, last year an assistant to Tippin, is the new head coach; and Waldo S. Tippin is director of athletics at Clarion. Tom Carnahan and Frank Lingnelli are assistant football coaches. Ted Aiken is student assistant coach. All home games for the 1957 season will be played at the college field at 2 p. m.

Warren (Lefty) Spahn, ace hurler of the Milwaukee Braves who recently pitched the 41st shut-out of his brilliant mound career, got his professional baseball start in nearby Bradford. Back in 1940, the second year of the PONY League, Spahn, who hailed from Buffalo, was signed by the Boston Braves (then the Bees) and assigned to the Bradford Class D entry. He was 17 years old and then was regarded as real major league timber. It wasn't long 'til he made the grade and today ranks as one of the greatest lefthanders of all time. He is also in the running for the pitcher-of-the-year award. He has earned the distinction of being the all-time lefthanded shutout king of the National League.

Faltering Braves Only Two and Half Games Out in Front

By JACK HAND

The Associated Press

Are the Milwaukee Braves going to blow it again?

Once more the Braves must ask themselves that searching question as the pressure mounts in the National League race. In 12 short days, an 8 1/2-game lead has shrunk to 2 1/2 games.

Encouraged at the sight of the staggering Braves, the charging St. Louis Cardinals have won 9 of their last 11. In that same period Milwaukee has won only 3 of 11.

Day by day the three-game series between the two clubs in Milwaukee Sept. 23, 24, 25 looks more likely.

The American League race, on the other hand, appears to be over. The New York Yankees, with a 5 1/2-game lead and only 10 to play, should be beyond the reach of the persistent Chicago White Sox.

Warren Spahn, shooting for his 20th victory, coddled a 2-1 lead into the ninth inning yesterday only to have Philadelphia tie the

score in the ninth and finally beat Milwaukee in the 10th 3-2. After two hits sent Spahn to the show-ers, Ted Kazanski, a .255 hitter, singled home the winning run.

With Stan Musial back in the starting lineup and chipping in with three hits in six trips, the Cardinals thumped Pittsburgh twice 9-6 and 11-3 behind Herm Wehmeier and Sam Jones. Two big innings did the trick—six runs in the fifth inning of the opener and five in the first inning of the second game.

Cincinnati slammed four home runs, chasing Don Newcombe, in an 11-6 romp over Brooklyn. Hal Jeffcoat hit one of the homers and took an 11-2 lead into the ninth before he fell apart.

Ed Haas, a rookie outfielder from Fort Worth, delivered a pinch single with the bases loaded and the score tied for the Chicago Cubs 7-6 edge over the New York Giants. The rookie's hit made it a double-header sweep for the Cubs who won the opener 6-2 behind

Veteran Archie Moore Finally To Defend Title Friday Night

YESTERDAY'S STARS

Batting—Stan Musial, Cardinals, returned to starting lineup with three hits in six trips during doubleheader victory over Pittsburgh, boosting league-leading average to .342.

Pitching—Don Larson, Yankees, pitched first shutout since his perfect game in 1956 World Series, blanking Kansas City with three singles in 3-0 second game as New York swept doubleheader.

Pirates Continue To Lose Ground In Race For Seventh

St. Louis (AP)—The Pittsburgh Pirates, losing ground in their battle to stay out of the cellar, dropped a doubleheader 9-6 and 11-3 yesterday to the St. Louis Cardinals who were able to slice Milwaukee's first place lead to 2 1/2 games.

At the same time the Pirates' personal battle with Chicago for last place tightened considerably as the Cubs won a twin bill from the New York Giants and moved to within a half game of Pittsburgh.

Cardinal bats powered big innings and decided both contests with the Bucs.

Walker Cooper, 42-year-old catcher who had three hits in four trips and Ken Boyer belted homers in the 6-run sixth inning which sparked the Cardinals' first victory.

Ronnie Kline's six game winning streak was brought to an end in the contest and he now has a 8-16 log. Herm Wehmeier, an old-time Pirates jinx, cashed in his 10th triumph in 16 decisions although he needed relief help from Lloyd Merritt and Bill Moffett.

In the nightcap, the Cards scored five quick runs in the first off starter Art Swanson who was charged with his third defeat against three victories.

Wally Moon clouded two homers—his 22nd and 23rd—to pace St. Louis' 13-hit attack.

Last week there were scattered walkouts at telephone exchanges in Ohio.

Separate negotiations covering the Ohio employees failed to reach a contract agreement at Cleveland, Ohio, this morning.

In another phase of contract negotiations agreement was reached early today on a two-year contract between Western Electric and 10,000 distribution and warehouse employees, L. J. V. Lindberg, Western Electric personnel manager, said.

These employees are at 31 centers across the country.

The four states not affected by the strike are Maine, New Hampshire, Vermont and Montana, where local telephone companies maintain their own equipment.

Also out on strike were employees at three Western Electric manufacturing plants at Middle Village, Queens, New York City; Duluth, Minn.; and Lincoln, Neb.

A victory for the Socialists could have forced a drastic readjustment of U. S. policy in Europe.

As the Socialists and minor parties conceded defeat, Speaker Eugene Gerstenmaier announced the new Parliament will convene Oct. 10 or 11 in Berlin, the old capital of the Reich.

Allegheny Lines Pilot Helps Avert Accident

Bradford (AP)—Hearing an unusual sound in one of his planes engines moments before he became airborne yesterday, an Allegheny Airlines pilot brought his craft to a screeching halt at the Bradford-McKean Airport.

Tremendous friction caused by the sudden braking burned the tires. The plane came to a safe halt and six passengers and the crew escaped injury.

Capt. Frank Ryan, the pilot, told superiors he heard a coughing sound in one of the engines and quickly decided to remain on the ground. The plane was bound for Jamestown, N. Y., Erie and Detroit. The passengers transferred to another plane and continued their flight.

The unlucky expert backed me into a corner. Since I had no escape I was forced to listen to his latest tale of woe which is even more heart rending than any of his other stories.

It seems that he decided his luck might be different on Friday the 13th so he tried a rubber bridge game. Sure enough! He got vulnerable on the first hand and on the second hand picked up a real rock crusher. He reached three no-trump after a spade overcall by East and anyone else would have made game and rubber but look what happened to him.

West chose to open the deuce of his partner's suit from king-deuce. A most unusual lead but deadly against the unlucky expert East played the nine. He decided the lead had been a singleton. The unlucky expert went with the queen and could count only eight tricks. He tried to sneak through a heart by leading the deuce and

100 Youngsters Enjoy Annual "Fall Carnival Open House"

When the YMCA staged its annual "Fall Carnival Open House" last week, over 100 exuberant young people were on hand to join in the festivities, which opened with the "kickoff" party to officially begin the 1957-58 season at the local "Y". The event was pronounced a huge success by parents, leaders and the energetic boys in attendance.

The boys received books of tickets on their arrival which entitled each to participate in games of skill and other games of ping pong, pool, shuffleboard, etc. Another popular innovation was the aquatic pistol range, where sharpshooters blazed away at dripping candles with water pistols, followed by the popular free swim, supervised by Pat Madden, Chautauqua swimming star and Robert Burke, Sr.

Highlight was unveiling of the eagerly anticipated "surprise package", whose contents turned out to be a new Pepsi Cola vendor, which had been camouflaged to resemble a pin ball machine.

In conclusion, delicious refreshments of cherry cake and soft drinks were served.

This pleasant affair was made possible by the cheerful and capable assistance of volunteer game leaders, Jim Gaghan, Wellan Briggs, Ralph Biebau and Jack Pierce; also boys' work committee chairman Dick Betts and Paul Shogren.

Next program of events on the immediate YMCA agenda are beginning of the fall program of regular clubs, Adventure, Stamp, Archery; also the regular classes, including archery, riflery, BB gun and the new craft class to start late in October. Details concerning these activities and the regular family night scheduled for September, 28, will be presented in the near future.

Personnel Changes Debated At Northern Area Board Meet

Personnel changes were among items considered at the meeting of Northern Area Joint School Board, these including acceptance with regret of the resignation of Mrs. Marian Carlson, secretary in the supervising principal's office, and two teachers, David Bevevino and Clinton Stewart.

Mrs. Carlson's service began as part-time employee in the principal's office at Sugar Grove Joint Vocational School and her constant and persistent efforts have contributed substantially to the system's present status. Her resignation becomes effective December 1 and board members expressed "termination of her affiliation as a significant loss."

Mr. Bevevino, English and social studies instructor, has accepted a position in the Clarion Public Schools System, Mr. Stewart, industrial arts, will join the Mt. Union faculty. Both have been on the Northern Area staff since start of the 1956-57 term and severed their connections as of September 1st.

Contracts approved included that of Mrs. Vida Kyler of Warren, junior high school mathematics until John Lassinger's return from the armed services in December, Mrs. Carmen Lavezey of Sugar Grove, Mr. Bevevino's post until the semester's end; and the Rev. David Venberg of Sugar Grove, industrial arts for the same period.

Darwin Eckstrom, Jamestown, and Mrs. Edna Fytcher, North Chili, N. Y., were approved as substitutes in the high school. The personnel committee was assigned the task of finding regular replacements.

After hearing the ways and means report from Mrs. Allene Briggs, the board authorized a survey of existing school facilities and

the roof fell on him.

West hopped right up with the ace and led the king of spades. East overtook and the unlucky expert was down three.

If West had made his normal opening lead of the king of spades there would be no way to beat the hand.

I asked "What happened after that?" He replied, "The opponents proceeded to bid and make two slams. I quit the game and went home to arrive just in time to watch my house burn to the ground."

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY ...OFF THE ROAD!

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it ... to prove its pulling power and ruggedness!

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!
